

# ConneXions Ongoing Projects

---

## Community Adoption

**Context:** Cohort

**Focus:** Comprehensive

You will pray and then adopt a section of Elkhart that will be your evangelism, service project and relationship building focus for the unsaved souls in our city.

You can target the people who live along a specific street, housing community, community center, etc.

You must get permission from your Director before initializing.

You will continue to brainstorm and implement ways to reach out to this section of our community for the duration of your time in ConneXions.
